

Wednesday, 17 June 2020, 15:00 CEST
EPIC Online Technology Meeting on Endoscopy

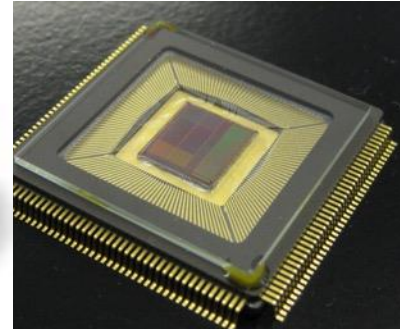

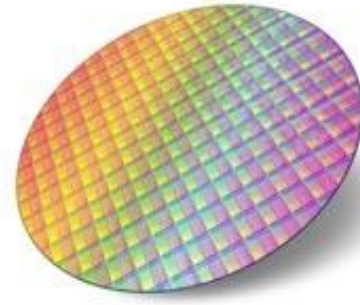

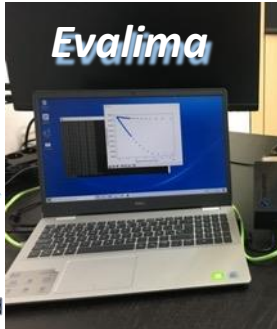

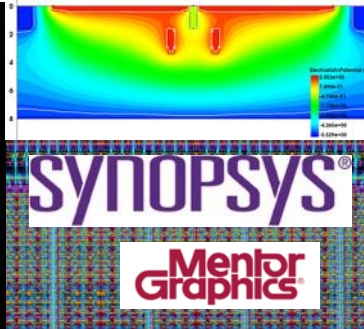

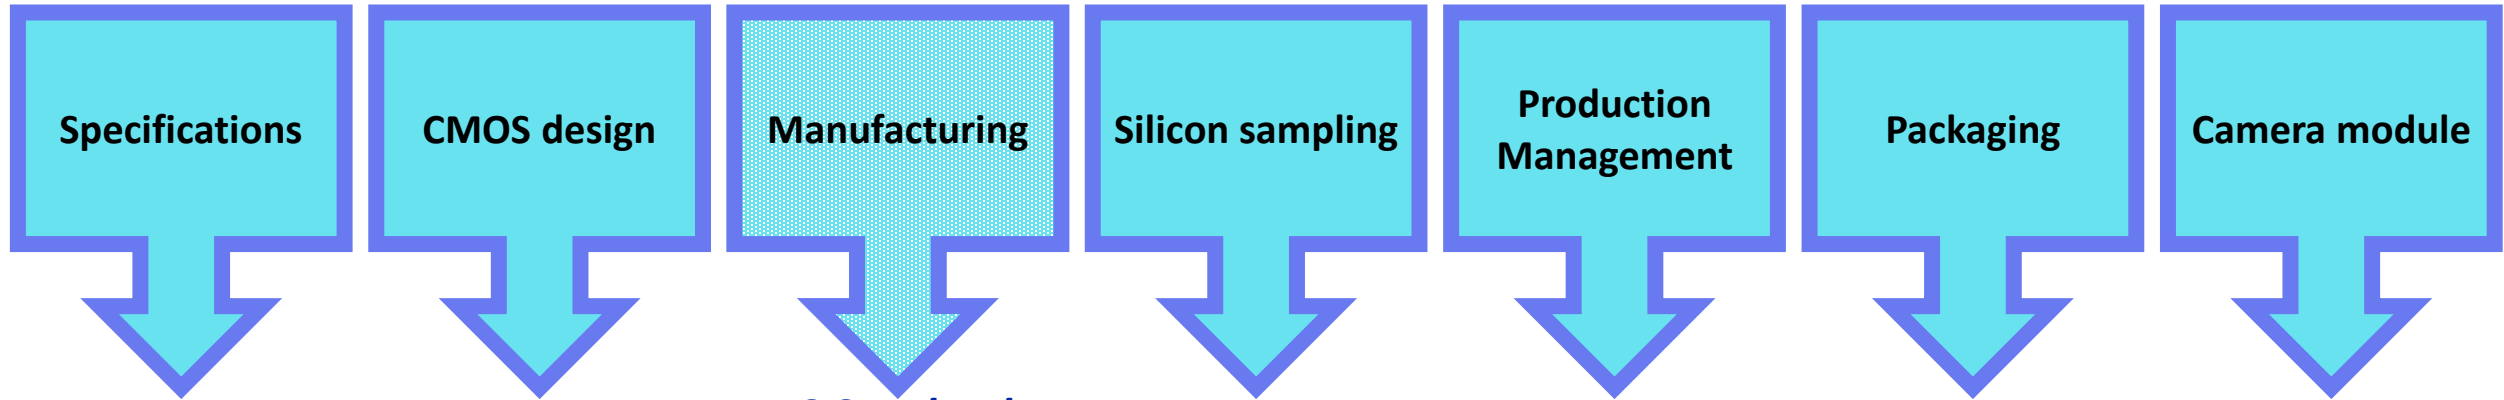

Custom CMOS Image Sensors

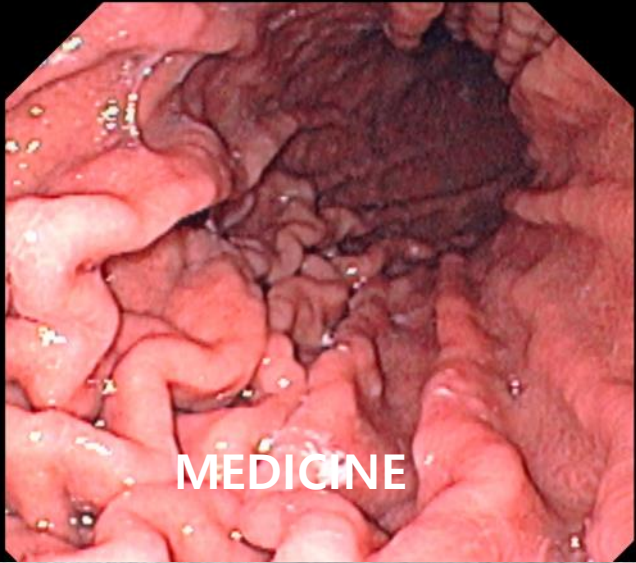

Renato Turchetta, Co-founder and CEO

Innovative and cost-effective

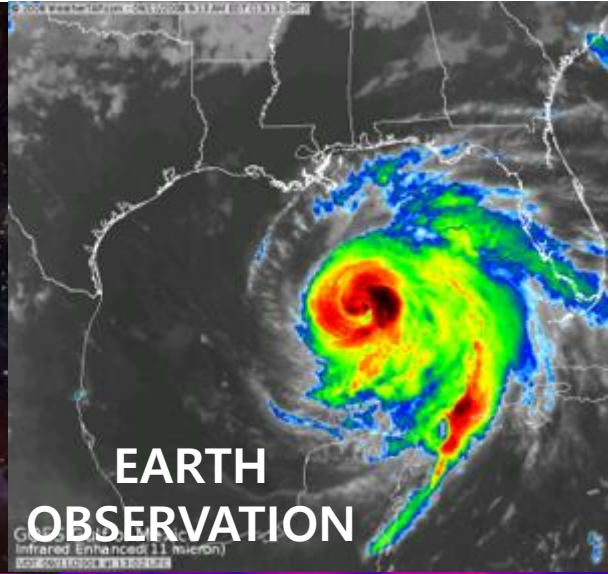

Applications

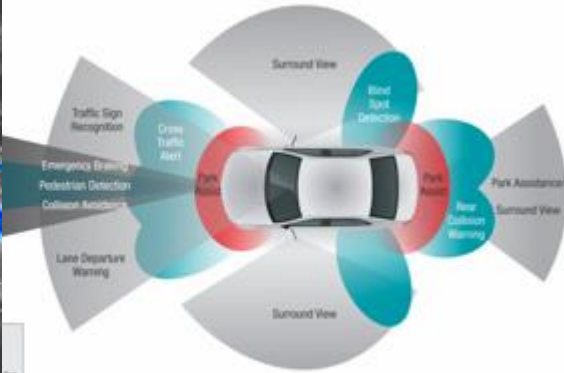

MEDICINE

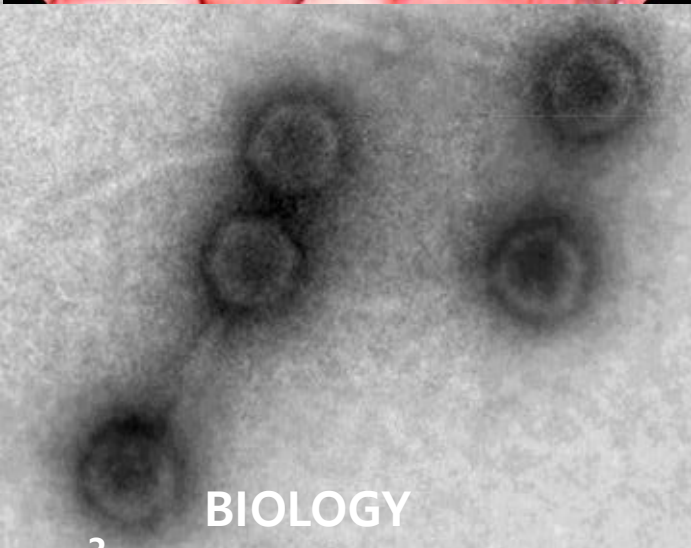

SCIENCE

**EARTH
OBSERVATION**

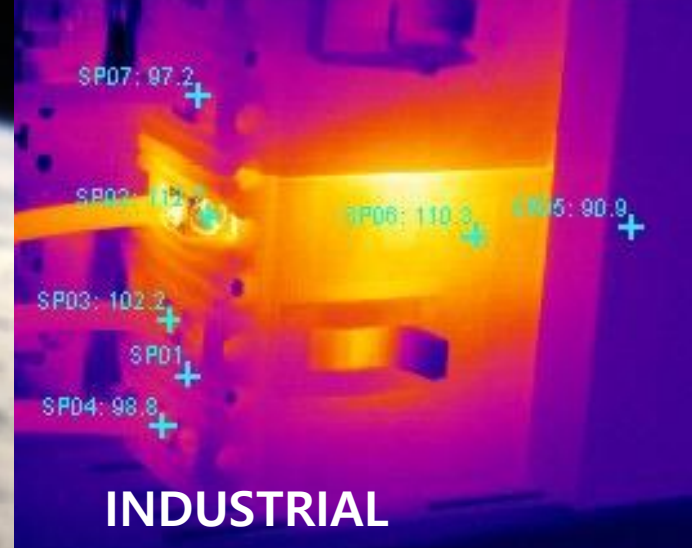

AUTOMOTIVE

BIOLOGY

**SPACE /
AERONAUTICS**

INDUSTRIAL

SMART SENSORS

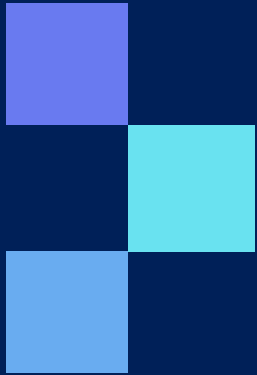

What can we do

- Rolling shutter pixel
- Global shutter pixels
- Single Photon Detecting pixels
- High quantum efficiency in BSI
- Low noise
- High Dynamic Range (HDR)
- Low power sensors
- Camera-on-a-chip
- Stacked sensors
- Detection in VIS + IR + UV

What we look for

- Optics
- Illumination
- Casing
- OEM
